**Processional**
- “Rondeau,” Jean Joseph Mouret
- “Trumpet Voluntary,” Jeremiah Clarke
- “Olympic Fanfare,” John Williams
- “Pomp and Circumstance March No. 1,” Sir Edward Elgar

**Recessional**
- “Trumpet Tune and Air,” Henry Purcell
- “La Réjouissance, Music for the Royal Fireworks,” George Frideric Handel
- “March,” Carl Philipp Emanuel Bach

The audience is requested to remain in place until the recessional is completed.
The Chancellor’s Award of Distinction acknowledges the University of California, Irvine’s most outstanding graduating seniors. Awarded by the UC Irvine Alumni Association, these students represent exceptional academic achievement, and a commitment to cutting-edge research, leadership and service to UCI. Selected by a committee of alumni, recipients can be identified by the blue and gold shoulder cord worn with their commencement regalia.

Dear Class of 2017:

Congratulations on reaching this very special milestone in your life. Today, as we celebrate the University of California, Irvine’s 52nd commencement, enjoy the pride, nostalgia, and excitement of the moment. As you participate in these time-honored graduation rites, I encourage you to remember that you did not achieve this success alone or in a vacuum. Please take the time to thank the family, friends, and mentors who have supported and shepherded you through this journey.

All of us are extremely proud of your accomplishments and the contributions you have made to UC Irvine and our community. I am even more excited, though, by what lies ahead for you, as you enter the world enabled, empowered, and inspired to succeed in whatever endeavors you choose to pursue.

Today, as you join the proud alumni of UC Irvine, you become part of a family of graduates who are leaders, innovators, and teachers who make a difference in our global community. Please come back and visit us, update us with news on your careers, and stay in touch through the Alumni Association. Wherever the future leads you, you will always be remembered at UC Irvine.

Fiat Lux,

Howard Gillman
Chancellor
The Mace leads the Commencement processional and is carried by a member of the UCI Alumni Association Board of Directors.

Carved from California oak, the Mace is designed to resemble the nose of an anteater, UCI’s mascot.

The names of each UCI Chancellor are engraved on the top.

The UCI Alumni Association presented the UCI Mace to the campus on May 12, 2000.
Dear Class of 2017 Graduates:

Wow! You are graduating, and what a magnificent occasion to celebrate your achievement.

In extending my heartfelt congratulations to you, it is my sincere hope that UC Irvine has been a magnificent place to further crystallize and ultimately to nurture your dreams and aspirations. We hope that your experiences have inspired you with the desire to make your place in the world and engage the global landscape with confidence and assurance.

Anteaters know that a truly educated person is committed to following one’s passions and having a life-long thirst for knowledge. While following in the footsteps of many other UCI alumni, know that your lives hold no limits in changing the terrain of our world. I encourage you to remain on the cutting edge of new technologies, information, artistry and research, even as you develop and engage in opportunities to demonstrate the leadership and character that formed the foundation for your learning.

Since the first day of classes on October 4, 1965, UC Irvine has maintained the ambiance of a small college campus with a strong network of mutual support among students, faculty and staff. We have also maintained a very diverse academic community that, as you reflect on the lessons you have learned from these co-curricular experiences, should position you well as a citizen of a global world. Members of the “Eater Nation” know their campus to be a nurturing and caring environment. This “small college feel” mixed within a diverse environment, infused with academic excellence, innovation and discovery, are all aspects of our distinctive legacy in which we take great pride. All of this remains available to you as you go about creating new paths in the world and building your professional and family lives.

It is now your time to direct your life’s pursuits on a trajectory toward achievement and greatness. Your academic and co-curricular learning experiences have provided you with everything you need to navigate the pathways to productivity and success. Upon graduation, the promise of a University of California, Irvine education becomes a commitment to share the Anteater legacy. We take personal pride in your accomplishment today. We ask that you keep true to the legacy you now inherit, and go make the world a better place.

Zot, Zot, Zot!

Thomas A. Parham ’77, Ph.D.
Vice Chancellor, Student Affairs
2017 Claire Trevor School of the Arts graduates,

Hard to believe, but your UCI years are, as of today, past! You’re now “CTSA Class of 2017,” with all the bragging rights pertaining thereto. You’ve been an integral part of the amazing UCI experience, and today you become one of tomorrow’s creative leaders in and for the arts, a voice for the vital role the arts play in our world. Your research into that role isn’t over; it’s just beginning. We hope and expect that your time in the Trevor School has given you the tools – and the passion – to achieve your highest aspirations in the next chapters of your life.

We thank your parents, relatives, friends and other mentors for the vital contributions they have made to your success at UCI. And a special thanks to those alumni and others whose partnerships with the Trevor School, and with you, have provided support for the programs and facilities that have contributed to your success at UCI.

All of us who remain behind in CTSA – faculty, staff, and students – who have worked with you and watched you develop as an artist and as a person during your time with us are extremely proud of your many accomplishments, eagerly await your next creative achievements, and hope that you will forge a close connection with us as you continue to develop the skills and talents you discovered and shaped during your time at UCI.

All very best wishes for your brilliant future!

Stephen Barker, Ph.D.
Dean, Claire Trevor School of the Arts

About Claire Trevor
While millions knew Claire Trevor (1910-2000) as one of America’s most distinguished actors, those closer to her knew her as a person deeply devoted to her family, as well as a passionate advocate for the arts and arts education. The Claire Trevor School of the Arts at the University of California, Irvine is proud to be entrusted with Claire Trevor’s legacy and honors her spirit by embracing the values she believed in and practiced throughout her life.

Dear Class of 2017,

Congratulations on your Commencement from UC Irvine and the Francisco J. Ayala School of Biological Sciences. Through hard work and determination, you have completed one of the most rigorous undergraduate programs on the campus, and are well trained and positioned to achieve great things in your future endeavors.

Today, your hard work at the Ayala School is being lauded with the celebration of your Commencement. From tomorrow onward, as one of our thousands of alumni, remember what you have learned here and apply it well. You will find that your campus has helped to prepare you superbly for your future, whether that future finds you in industry, pursuing a graduate degree, or in another worthy pursuit. As you embark on the next phase in your life, I encourage you to reflect proudly on your time at UCI. The Ayala School is now embedded in your DNA, so I urge you to stay connected with us as your journey continues. That way we can continue to celebrate your successes and provide you with the opportunity to inspire the generations of students who will follow in your footsteps through our halls.

Congratulations,

With life comes change, and with change comes opportunity.

On behalf of everyone at The Paul Merage School of Business, I offer my sincere congratulations to you – and to all those family and friends who have supported you – as you embark on the next phase of opportunity in your life. On this day of celebration, we are all reminded of how hard you have worked and how you have grown to enable yourself to take advantage of the opportunities ahead.

This year, the Merage School graduates nearly 540 leaders in business, including those from our Undergraduate business major, as well as our Masters of Professional Accountancy, Full-Time MBA, Fully Employed MBA, Executive MBA, Health Care Executive MBA, and Doctoral programs. Each of you has earned a degree that will continue to pay dividends for the rest of your life.

The Merage School is proud of our part in developing world-ready visionary leaders who will inspire trust, think critically, drive innovation, and challenge the status quo. Our rigorous academic programs are taught in a purposefully collaborative setting surrounded by leading global executives from our vibrant and supportive Orange County business community and beyond. We are committed to our vision to be at the forefront of education and research among globally preeminent business schools.

In the constantly evolving environment of a digitally-driven world, our world-class research faculty are developing and disseminating the knowledge necessary for business and not-for-profit communities to anticipate and take advantage of emerging challenges. A critical component of economic success is effective and timely business strategies designed to sustain profitable business growth. The Merage School’s strategic plan builds on the strength of the school to deliver educational excellence valuing diversity, collaboration, inclusivity and respect.

Today, you join an elite group of alumni across the globe. I encourage you to return to your alma mater often, whether to seek further enrichment, expand your network, or to give back to current students seeking your mentorship and support. You have a responsibility as a proud Merage School alum to serve as an ambassador for the School; I hope we have earned your enthusiasm and willingness to do so.

Finally, we at The Paul Merage School of Business thank you for the enrichment you have brought to the School, for the lessons you have taught us, and for the opportunity to share in your success on this special day. We are the better for it, and will always continue to strive to be the very best.

CONCLUDING REMARKS
RECESSIONAL
Dear Graduates,

I have the great privilege to congratulate you on successful completion of one of the School of Education’s innovative programs. Your graduation from either the Doctor of Philosophy in Education, Masters of Arts in Teaching, Bachelor of Arts in Education Sciences or CalTeach program has prepared you to lead a meaningful and productive life, making a difference in the lives of others through contribution to formal and informal education.

The concepts and competencies you have mastered in your program are critically important for the challenges we currently face. Our information society and knowledge economy place greater importance on education than ever before. Our economic competitiveness and democratic political system are dependent on an educated labor force and citizenry.

The knowledge and skills you have developed will be invaluable in contributing to education through outstanding research, policy, curriculum, pedagogy, and advocacy. Some of you will apply key educational principles in classrooms, out-of-school programs and community life. Others will conduct critical research for creating and implementing policy changes. Still others will design software and technologies for learning. I am grateful for your commitment to improving education for all.

In the years ahead, you will be well served to remember the lessons learned in your studies at UCI. You have learned to recognize the role of persistence, grit and resiliency in overcoming challenges in both educational processes and life. You understand that education and human development are lifelong journeys that do not end on graduation from school, but must continue to be nourished and cultivated in your daily lives. Great educators are strong learners. I am confident that you will continue to grow, change, and learn to meet the challenges of tomorrow.

Congratulations on your current accomplishments and best wishes for great success in your future endeavors.

It is with great excitement that I offer my heartfelt congratulations to The Henry Samueli School of Engineering Class of 2017. As a UC Irvine graduate, you are automatically a member of a growing worldwide family of thousands of engineering alumni and friends. You have taken a first step toward future success by laying the foundation for a better life for you, your family and, by extension, for others you encounter.

The entire Anteater Engineering community joins me in celebrating your new beginning. Your journey to this point has most likely confronted many obstacles that may have put your graduation in doubt. Through it all, you have persevered and remained faithful to your goal, which is symbolic of your determination and the value you place on your education. We honor your achievement.

Today, you join extraordinary alumni who have entered the world with a profound sense of purpose in pursuit of their professional careers and higher education. As you embark on your journey, you will face unprecedented opportunity and significant competition, but you have been prepared to lead with excellence. We have every confidence that just as you have overcome numerous obstacles in your past, you will now overcome the significant challenges of the day.

As a young alum, I encourage you to do the following: Maintain our values and commitment to excellence and lifelong learning. Commit to truth and service as your moral compass and remember to help those less fortunate. Create lifelong connections with other alumni through the alumni association, special interest/affinity groups, and social and career networking. Never forget your alma mater and the knowledge that you are part of a great and noble heritage. We will never forget you!

Zot, Zot, Zot!

Commencement means the start of something new. Graduation means stepping up to another, higher level.

Today, we celebrated the successful completion of your degree, and I heartily congratulate you on this most important achievement. It is you and your hard work, your irrepressible enthusiasm, and, yes, your relentless questioning that makes for the greatness of our educational institution. We owe you what you have given us, and in turn, we ask only that you put to good use the skills and wisdom you have learned here.

In the humanities, we concern ourselves with everything human, what human beings have thought, written, made and done in all times, places and cultures. That we “call” the ongoing archive of human existence philosophy, literature, visual art, religion, or history is no doubt less important than that we find in what other human beings have done potential models for what to do, or not do.

Those skills you have learned here – reading closely, observing critically, thinking logically and analytically, researching methodically, and writing clearly and persuasively – are not the skills of a single job. We prepare you for much more than that. These are basic skills that can be readily applied to any number of careers, including many that the future has yet to create. But the humanities also prepare you for all the other things that happen to us in life, things that truly matter, such as love, beauty, the challenges of leadership, the richness of human experience, the courage to think for oneself and the ability to follow those paths less travelled.

Your humanities education will thus unfailingly serve you as you live the lives you will indeed commence today, graduating onto greater success, being even more successful than those who helped you get here today – your parents and family, your professors and advisors, your colleagues and friends.

Please give them the thanks they deserve, as they in turn give you all the applause you deserve for the success you have achieved here at UC Irvine, and for all the success I know you will have going forward.

Congratulations and enjoy your commencement!

The world runs on technology: from mobile phones to electronic medical records, from video games to the Internet of Things (IoT), from big data to cybersecurity solutions. These technologies represent only a few of the cutting-edge areas that faculty, students and alumni from the Donald Bren School of Information and Computer Sciences (ICS) have dedicated themselves to in order to make the world a better, safer place for the future.

As students, and now alumni, of ICS, the only computing-focused school in the UC system, you were part of helping us grow into one of the largest and most diverse computing programs in the country. ICS prides itself on providing computer science and information technology leadership for the 21st century through research and development of emerging technologies, innovative and broad computing curricula, and collaborations that address key societal needs. You have shown incredible creativity and entrepreneurial spirit during your time at UC Irvine and you are now prepared to lead the way to a bright future for society.

As ICS continues to explore the various ways technology can revolutionize the world around us, there will be many excellent opportunities for you as ICS alumni. Whether you are continuing your education or joining the workforce, remember that you are now part of a growing network that is nearly 10,000 ICS alumni strong who want to see you succeed. Please stay in touch so that we can celebrate all of your successes as you go off to pursue your dreams.

Congratulations to the Class of 2017! The ICS faculty and staff take great pride in your accomplishments and look forward to watching you continue to make a difference in the world.

Zot! Zot! Zot!

Dear Graduates and Guests,

On behalf of the UCI Law Community, I am delighted to extend a heartfelt and sincere congratulations to the Class of 2017. Today we salute each of you and celebrate all you have accomplished since you began your law school journey three years ago.

The Class of 2017 is extraordinary. Most impressive, 95% of the Class of 2017 did pro bono work during law school and it is estimated that you completed approximately 10,000 hours of pro bono service. This has provided you invaluable practical experience, but even more importantly, it has provided crucial legal services to improve people’s lives and our community.

You truly have been partners in making UC Irvine Law School a very special place. You have embodied our hope of a school where students collaborate rather than compete. You have been advocates for improving the school and the campus, advocating for matters such as curriculum changes and spearheading improvements in essential services for women at the Student Health Center. You have created three new student organizations and brought creative programming to existing clubs. You have worked exceptionally hard as student organization leaders and community fellows, on the law review, and in moot court competitions here and nationally.

On a personal note, I want to thank each of you for being a part of UCI Law and for enriching our school in more ways than I can count or imagine. I wish you all the best for a career that is happy and rewarding and that improves our legal system and our society. We are immensely proud of you and expect great things in the years ahead.

With best wishes,

Erwin Chemerinsky, J.D.

CLOSING REMARKS

RECESSIONAL
Congratulations Class of 2017! On behalf of the faculty and staff of the University of California, Irvine School of Medicine, it is my honor to commend you on achieving this remarkable milestone.

As you enjoy your successes and victories, I encourage you to acknowledge the tremendous contributions that your family, friends and mentors have made. All of us are extremely proud of your accomplishments. This journey represents a life-long learning experience that truly only begins upon graduation.

UC Irvine School of Medicine is dedicated to advancing the knowledge and art of medicine, and continues to be ranked as one of the top fifty medical schools for research by U.S. News and World Report. Our graduates are prepared to embark on their post graduate training in over 20 medical specialties. Each year, our school educates more than 400 medical students and trains almost 700 residents and fellows. Nearly 80 percent of our graduates will enter training programs in California - many of whom will be working in underserved areas.

It is a privilege to have you join us in the profession of medicine. As graduates of UC Irvine School of Medicine, you carry on our mission to Discover, Teach, Heal.

We send you our best wishes as you continue your medical education. We encourage you to treasure the opportunity to care for your patients with compassion and a commitment to excellence.

Congratulations to the UC Irvine School of Medicine Class of 2017.

RECESSIONAL
On behalf of the University of California, Irvine Sue & Bill Gross School of Nursing faculty and staff, it is my privilege to congratulate the members of the graduating class of 2017. Joined by your parents, family and friends, I am pleased to celebrate this magnificent milestone with you.

I am thrilled that your educational journey has inspired you to pursue nursing as your profession, and, in turn, make the world a better place. Opportunities in nursing are boundless. Whether you choose to pursue a beginning career on the frontlines of patient care, in advanced practice, or the advancement of scientific knowledge, you all have chosen a field that is undergoing significant transition and growth, creating tremendous challenges and opportunities for innovative contributions. As you make your important mark on the nursing profession, I can unequivocally say that you will enjoy an emotionally fulfilling and personally rewarding career ahead. Although there will be rewards and challenges down the road, your career in nursing will provide you with the unique opportunity to serve as strong ambassadors for the delivery of compassionate care, cutting edge research, or healthcare policy development, enriching the health of societies around the world one patient at a time.

To each graduate who will be individually recognized, I offer my best wishes and heartfelt congratulations. We look forward to seeing where your future endeavors may lead and to hear about the impact you will have with patients, families and communities in which they reside. As new members of the Sue & Bill Gross School of Nursing alumni, we hope you will continue to move forward in your nursing trajectory.

With best wishes,

Congratulations to the UCI Pharmaceutical Sciences Class of 2017.

Today we celebrate your years of hard work and dedication. This achievement marks the beginning of a new and exciting chapter in your lives. You have chosen to pursue a career in the dynamic and rapidly changing field of science and medicine. Every day, pharmaceutical scientists are improving our society’s health and wellbeing in health care, academia, research, and government.

Our program has equipped you with the scientific background to succeed in any biomedical professional school or career, but more importantly, we have trained you to be transformative drivers of change. As pharmaceutical scientists, you will help advance medicine, apply innovation, and add healthy years to human life. As many of you head off to pharmacy school, medical school, or the workforce, you will undoubtedly play an integral role in shaping a brighter, healthier future.

Today is the beginning of an exciting opportunity to make your mark in the world. I have no doubt you will succeed on any path you choose. We are privileged to be a part of your journey, and you will always be a part of our Anteater family. We look forward to hearing from you in the future about your achievements, so please keep in touch.

Congratulations from all of us in the PharmSci department!

Congratulations on completing your degree in the Physical Sciences! I hope you agree that your studies in our School have been a great preparation for the next phase of your life. Whether you hope to pursue graduate or professional studies, or plan to start your career right away, the Physical Sciences offer a great doorway to success.

Over 40% of you graduates conducted undergraduate research, and many of you successfully applied to graduate and professional programs. I also applaud the many of you who took the initiative to participate in the mentor program. These experiences will be part of the career boost that we strive to provide. We invite you to return as mentors to coach the next generations of students with your oncoming career achievements.

As a Physical Sciences alum, you may dedicate yourself to the most abstract mathematical proof, or to the most tangible attempt to alleviate human suffering. Some of you may spend a large fraction of your life trying to understand a single particle or what happens over the tiniest fraction of a second, others may want to grasp the big-picture of the whole universe, or how the Earth’s climate will change over the next 50 years. There is great value in each of these pursuits, as well as the whole spectrum of careers between these limits. The faculty and staff wish you the best of luck as you continue to pursue your passion and make a difference in the world.

Congratulations again on completing such a demanding degree. The world needs quality mathematicians and scientists; so be sure to contribute, expand and share your vast knowledge and experience!

Keep active!
Bring enthusiasm to all your endeavors!
Keep in touch!

The UCI Program in Public Health has grown tremendously over the past 10 years, and we now offer BS and BA degrees, an MPH degree in four areas of concentration and a PhD in Public Health with two areas of concentration. Our student body has grown, with over 1500 undergraduates and well over 100 graduate students in MPH and PhD programs. As alumni of our program you are joining the ranks of individuals who have graduated from one of the top public institutions in the country, and by many measures, worldwide.

Public Health has a long tradition of working to improve population health. Our work is often invisible but impacts the health of communities every day, programs such as vaccinations, cholesterol, blood pressure and cancer screening, malaria control, and policies around air and water quality are just a few examples. However, we also tackle the most challenging health issues that impact our communities today – obesity, cancer, dementia, emerging infectious diseases, mental health, and health disparities. You have been taught by some of the most distinguished faculty anywhere in the world and have been given the skills to tackle these and many other public health related issues that challenge communities here and around the world. It is within our grasp to conquer and prevent many ailments. However, to do this we will need to use the latest scientific advances. For example, we will need to understand how genes interact with our physical, chemical, microbial, cultural and social environments to influence health and disease. But, these discoveries must also be put into the ethical, cultural, social, economic, and policy context to benefit all people.

Like all of you sitting here today thinking about your future, we are also thinking about the future of our Program and how we can continue to serve our students and communities. Our aspiration is to transform our Program in Public Health to a School of Population Health and Disease Prevention. As our alumni we hope you will stay involved and help us achieve this transformation. Together we can, and will, make a tremendous impact on our communities, locally, nationally and globally. We are extremely proud of all of our graduates and as alumni we know you will make us proud by creating a world of achievement, hope and improved health for all!

Congratulations to all the graduates and their families on behalf of the faculty and staff in the Program in Public Health. You are our future and we are confident that you are prepared to tackle the challenges and seize the opportunities to improve health for all members of the many diverse populations that inhabit this world.

Welcome to the 2017 Commencement Ceremony for the School of Social Ecology!

We are proud of the students who will be receiving their degrees today and thrilled so many others are joining us on this special day of celebration. We especially would like to thank those parents and other loved ones who have supported our students over the years to make this day a reality.

Today we mark the achievements of our students earning baccalaureate and Master’s degrees from the UCI School of Social Ecology, a leader in interdisciplinary research, team science, and community-embedded scholarship that drives science based solutions to critical social and environmental problems. Faculty and students share a commitment to understanding human behavior in larger social and institutional contexts, moving beyond traditional boundaries, and reaching a broad audience.

Although our research spans many disciplines, it clusters into three main hubs: Healthy People and Places, Crime Prevention and Social Justice, and Technology and Human Potential. These hubs encompass various challenges our faculty and students are addressing, ranging from global poverty to prison overcrowding, from gang violence to healthy child development, from health risks to community empowerment.

Our core commitment to science driving solutions is coupled with an equally important commitment to civic engagement. Our unique undergraduate Field Study Program links the classroom and the community, giving students unique opportunities to tackle pressing issues confronting business and community organizations locally and globally. These real world experiences prepare our students with critical skills that will serve them and our communities in the future.

Soon the class of 2017 will join nearly 25,000 Social Ecology alumni who are working in fields diverse as health care, finance, human services, planning, education, law and public policy. Our alumni are enhancing our local, regional, and global communities in which live. I look forward to hearing about the future endeavors of our newest graduates.

Best wishes,

Just over 50 years ago, the founders of the UCI School of Social Sciences went rogue. They broke with convention to forge connections with scholars whose different approaches – from quantitative to qualitative, formal to interpretative – would tackle fundamental research questions and pressing social problems. To steal a term from former GE CEO Jack Welch, they went boundaryless, throwing caution to the wind, scrapping boundaries and bureaucracies to directly enact change.

More than half a century later, the school continues putting this approach into practice, breaking down traditional barriers to create change in society, economies and human well-being.

You, our student body, represent the realization of that maverick spirit.

As students of the largest school on campus, you’ve been in the conflict zones of the Middle East with the Olive Tree Initiative, and in Orange County high schools teaching global awareness. You’ve been in our groundbreaking behavioral economics labs testing new methods for reducing traffic congestion, creating better online marketplaces and preventing the spread of disease. You’ve been in our brain, behavior, and cognitive robotics labs mapping the structure of the human brain to understand how speech works in order to help restore it in victims of stroke, and building interactive robots aimed at improving social engagement in children with ADHD and autism. You’ve done fieldwork and studied abroad in India, Africa, China – indeed, everywhere on the planet, exploring fundamental issues of peace, politics, population, migration and cross cultural communication.

And I can’t tell you how excited we are knowing that you’re just getting started.

As a member of the largest UC Irvine graduating class of 2017, you’re joining an elite network of more than 47,500 soc sci Anteater alumni who have been taking their world-class education from our Irvine classrooms to the halls of justice in D.C. and international relations work in capitals around the world. They’ve been making a difference through entrepreneurial endeavors in places from Northgate to Northern Africa, in courtrooms across the nation, boardrooms in some of the world’s top companies, and classrooms around the globe where they’ve been training our next generation of leaders.

When you leave campus today, I challenge each of you to join them in pursuing a future that makes the world a better place than you’ve found it. Be bold, always break the mold, and be boundaryless in your pursuit.

Congratulations on all of your wonderful accomplishments.

June’s Commencement Ceremonies at UCI represent the culmination of years of hard work. It is my pleasure to congratulate those of you who are receiving degrees during 2016-17, as well as those who celebrate with you.

Commencement is an opportunity to recognize publicly your transition from today’s students to tomorrow’s pacesetters. I hope that you will use the critical thinking skills and knowledge acquired during your studies at UCI to contribute to our world community and to help solve pressing problems. Now more than ever, when challenges and opportunities are global in scope, remember that you are the leaders of the 21st century.

We value the roles you will play and the contributions you will make in the days and years ahead. You are now part of a proud family of UCI alumni, and I hope that you will keep us informed of your accomplishments. Commencement is but one step in your journey of discovery. We look forward to seeing where your future endeavors may lead and to learning about the impact you will have on the world around you.

Frances Leslie, Ph.D.
Vice Provost for Graduate Education
Dean, Graduate Division
June 17, 4:30 p.m. - Bren Events Center
Chancellor Howard Gillman, Ph.D., presiding

Congratulations Class of 2017!

On behalf of the UCI Alumni Association, welcome to the Anteater alumni family! Your graduation is a true testament to the sacrifice and dedication you and those close to you have made to reach this remarkable milestone. You join a bold and pioneering community of more than 186,000 alumni strong.

As you turn the page in this next chapter in life, know that the UCI Alumni Association will always be a part of your story. I encourage you to stay connected, remain involved and strengthen your relationship with us.

We have a plethora of resources available to you to help propel your success after graduation and increase your connection to your alma mater. As an active member, you will belong to an exclusive group and it is you that will make UCI and the alumni network stronger. Find out how you can leverage the benefits and services of being a member, which includes access to online research databases and UC libraries across the system and career services and networking events for young alumni.

Fifty years ago, UCI was established with a vision to become a driving force for discovery and innovation serving our local, national and global communities. You leave today as a catalyst towards this continued growth.

No matter where you go in the world stay connected to your Anteater Network, engage with our UCI Alumni regional events, online communities and more than 32 chapters and networks across the world...be proud!
